The market price of our securities could decline if one or more of these risks or uncertainties actually occur, causing you to lose all or part of your investment in our securities. See sections titled “Where You Can Find More Information” and “Incorporation of Certain Information by Reference” elsewhere in this prospectus. Additionally, the risks and uncertainties incorporated by reference in this prospectus or any prospectus supplement are not the only risks and uncertainties that we face. Additional risks and uncertainties not presently known to us or that we currently believe to be immaterial may become material and adversely affect our business.

#### **USE OF PROCEEDS**

All of the Class A common stock and Warrants offered by the Selling Securityholders pursuant to this prospectus will be sold by the Selling Securityholders for their respective accounts. We will not receive any of the proceeds from these sales.

We will receive up to an aggregate of approximately \$105.8 million from the exercise of the Warrants, assuming the exercise in full of all of the Warrants for cash. We expect to use the proceeds from the exercise of the Warrants, if any, for general corporate purposes, which may include capital expenditures, investments and working capital. In addition, from time to time in the past we have considered, and we continue to consider, acquisitions and strategic transactions, and we also may use such proceeds for such purposes.

We will have broad discretion over the use of proceeds from the exercise of the Warrants. There is no assurance that the holders of the Warrants will elect to exercise any or all of such Warrants. To the extent that the Warrants are exercised on a "cashless basis," the amount of cash we would receive from the exercise of the Warrants will decrease.

#### **DIVIDEND POLICY**

We have not paid any cash dividends on our common stock to date. The payment of cash dividends in the future will be dependent upon our revenues and earnings, capital requirements and general financial condition. The payment of any cash dividends will be within the discretion of our Board of Directors at such time. In addition, we are not currently contemplating and do not anticipate any stock dividends in the foreseeable future as it is currently expected that available cash resources will be utilized in connection with our ongoing operations and development projects.

## SELLING SECURITYHOLDERS

The Selling Securityholders acquired the shares of our common stock from us in private offerings pursuant to exemptions from registration under Section 4(a)(2) of the Securities Act in connection with a private placement concurrent with the IPO and in connection with the Business Combination. Pursuant to the Registration Rights Agreement dated June 21, 2021 entered into in connection with the consummation of the Business Combination (the “Registration Rights Agreement”) and the Subscription Agreements dated February 1, 2021 entered into in connection with the signing of the Merger Agreement (the “Subscription Agreements”), we agreed to file a registration statement with the SEC for the purposes of registering for resale the shares of our Class A common stock issued to the Selling Securityholders pursuant to the Subscription Agreements and Merger Agreement.

Except as set forth in the footnotes below, the following table sets forth, based on written representations from the Selling Securityholders, certain information as of July 8, 2022 regarding the beneficial ownership of our Class A common stock and Warrants by the Selling Securityholders and the shares of Class A common stock and Warrants being offered by the Selling Securityholders. The applicable percentage ownership of Class A common stock is based on approximately 111,966,389 shares of Class A common stock and 16,130,300 shares of Class B common stock outstanding as of July 8, 2022. Information with respect to shares of Class A common stock owned beneficially after the offering assumes the sale of all of the shares of Class A common stock offered (including the possible receipt of Earnout Shares and the vesting of the Sponsor Shares which are subject to forfeiture (the “Unvested Sponsor Shares”)) and no other purchases or sales of our Class A common stock. The Selling Securityholders may offer and sell some, all or none of their shares of Class A common stock.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the Selling Securityholders have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

## DESCRIPTION OF OUR SECURITIES

The following summary of the material terms of our securities is not intended to be a complete summary of the rights and preferences of such securities. The descriptions below are qualified by reference to the actual text of the Certificate of Incorporation. We advise you to read our Certificate of Incorporation and Bylaws in their entirety for a complete description of the rights and preferences of our securities.

### General

#### *Authorized Capitalization*

Authorized capital stock consists of shares of capital stock, par value \$0.0001 per share, of which:

- 2,000,000,000 shares are designated as Class A common stock;
- 25,000,000 shares are designated as Class B common stock; and
- 100,000,000 shares are designated as preferred stock.

The Board of Directors is authorized, without stockholder approval, except as required by the listing standards of the Nasdaq, to issue additional shares of capital stock.

As of July 8, 2022, we have approximately 111,966,389 shares of Class A common stock outstanding and approximately 16,130,300 shares of Class B common stock outstanding. There are also 9,204,168 warrants consisting of 5,382,501 public warrants and 3,821,667 private placement warrants issued and outstanding.

#### *Common Stock*

We have two classes of authorized common stock, Class A common stock and Class B common stock. The rights of the holders of Class A common stock and Class B common stock are identical, except with respect to voting and conversion.

#### *Dividend Rights*

Subject to preferences that may be applicable to any preferred stock outstanding at the time, the holders of outstanding shares of common stock are entitled to receive ratably any dividends declared by the Board of Directors out of assets legally available. See the section titled "Dividend Policy" for additional information.

#### *Voting Rights*

Shares of Class A common stock are entitled to one vote per share. Shares of Class B common stock are entitled to 20 votes per share. The holders of Class A common stock and Class B common stock will generally vote together as a single class on all matters submitted to a vote of stockholders unless otherwise required by the DGCL or the Certificate of Incorporation.

The Certificate of Incorporation provides that prior to the Final Conversion Date (as defined below), we shall not, without the prior affirmative vote of the holders of at least a majority of the outstanding shares of Class B common stock, voting as a separate class, in addition to any other vote required by applicable law or the Certificate of Incorporation:

- directly or indirectly, whether by amendment, or through merger, recapitalization, consolidation or otherwise, amend, repeal, or adopt any provision of the Certificate of Incorporation inconsistent with, or otherwise alter, any provision of the Certificate of Incorporation that modifies the voting, conversion or other rights, powers, preferences, privileges, or restrictions of the shares of Class B common stock ;
- reclassify any outstanding shares of Class A common stock into shares having (i) rights as to dividends or liquidation that are senior to Class B common stock or (ii) the right to have more than one vote per share, except as required by law;
- decrease or increase the number of authorized shares of Class B common stock or issue any shares of Class B common stock (other than shares of Class B common stock issued by us pursuant to the exercise or conversion of options or warrants or settlements of other equity awards that, in each case, were outstanding as of the date of the Closing); or
- authorize, or issue any shares of, any class or series of capital stock having the right to more than one vote for each share thereof other than Class B common stock.

Additionally, the DGCL could require either holders of Class A common stock or Class B common stock to vote as separate classes in the following circumstances:

- if we were to seek to amend the Certificate of Incorporation to increase or decrease the par value of a class of capital stock, then that class would be required to vote separately to approve the proposed amendment; and
- if we were to seek to amend the Certificate of Incorporation in a manner that alters or changes the powers, preferences, or special rights of a class of capital stock in a manner that affected its holders adversely, then that class would be required to vote separately to approve the proposed amendment.

#### *Liquidation Rights*

If we are involved in a liquidation, dissolution, or are wound up, holders of our common stock are entitled to share ratably in all assets remaining after payment of liabilities and the liquidation preference of any then outstanding shares of preferred stock. The Certificate of Incorporation provides that any merger or consolidation of the Company with or into another entity must be approved by a majority of the outstanding shares of Class A common stock and Class B common stock, each voting as separate classes unless (i) the shares of our common stock are treated equally, identically and ratably, on a per share basis and (ii) such shares are converted on a pro rata basis into shares of the surviving entity or its parent in such transaction having substantially identical rights, powers and privileges to the shares of Class A common stock and Class B common stock, respectively, in effect immediately prior to such transaction.

#### *No Preemptive or Similar Rights*

Our common stock is not entitled to preemptive rights, and there are no redemption or sinking fund provisions applicable to our common stock.

#### *Conversion Rights*

Each share of Class B common stock will automatically convert into one share of Class A common stock on the Final Conversion Date, which is the earliest to occur of:

- the date specified by the holders of at least a majority of the then outstanding shares of Class B common stock voting as a separate class;
- the date on which Andrew Pascal, the Pascal Family Trust and their respective permitted transferees collectively cease to beneficially own at least 20% of the number of shares of Class B common stock collectively held by such holders immediately following the Closing of the Business Combination; and
- the date that is nine months after the death or permanent and total disability of Andrew Pascal, provided that such date may be extended by a majority of the independent members of the Board of Directors to a date that is not longer than 18 months from the date of such death or disability, provided, however, that from the time of the death or permanent and total disability of Andrew Pascal, the voting power of such shares of Class B common stock shall only be exercised in accordance with an approved transition agreement or a person previously designated by Andrew Pascal and approved by a majority of the independent members of the Board of Directors.

In addition, a holder's shares of Class B common stock will automatically convert into shares of Class A common stock upon (i) the affirmative written election of such stockholder, or (ii) any sale, assignment, transfer, conveyance, hypothecation, or other transfer or disposition, directly or indirectly, of such shares of Class B common stock or any legal or beneficial interest in such share, whether or not for value and whether voluntary or involuntary or by operation of law (including by merger, consolidation, or otherwise), including, without limitation the transfer of a share of Class B common stock to a broker or other nominee or the transfer of, or entering into a binding agreement with respect to, voting control over such share by proxy or otherwise, other than certain permitted transfers set forth in the Certificate of Incorporation.

#### *Preferred Stock*

Pursuant to the Certificate of Incorporation, the Board of Directors has the authority, without further action by the stockholders, to issue from time to time shares of preferred stock in one or more series. The Board of Directors may designate the rights, preferences, privileges and restrictions of the preferred stock, including dividend rights, conversion rights, voting rights, redemption rights, liquidation preference, sinking fund terms, and the number of shares constituting any series or the designation of any series. As of July 8, 2022, there were no shares of preferred stock outstanding.

The issuance of preferred stock could have the effect of restricting dividends on our common stock, diluting the voting power of our common stock, impairing the liquidation rights of our common stock, or delaying, deterring, or preventing a change in control. Such issuance could have the effect of decreasing the market price of our common stock. There are currently no plans to issue any shares of preferred stock.

### ***Stock Options and Restricted Stock Units***

As of July 8, 2022, there are 11,559,424 shares of our Class A common stock and 2,191,793 shares of our Class B common stock issuable upon the exercise of stock options, with a weighted average exercise price of \$0.82 per share, and 7,299,827 shares of our Class A common stock subject to restricted stock units. There are 15,272,970 shares of our common stock reserved for future issuance under the 2021 Plan as well as: (i) any automatic increases in the number of shares of common stock reserved for future issuance under the 2021 Plan and (ii) upon the forfeiture, termination, expiration or reacquisition of any shares of common stock underlying outstanding stock awards granted under the PLAYSTUDIOS, Inc. 2011 Omnibus Stock and Incentive Plan, an equal number of shares of our common stock. In addition, there are 4,611,788 shares of Class A common stock reserved for future issuance under the 2021 ESPP, as well as any automatic increases in the number of shares of Class A common stock reserved for future issuance under the 2021 ESPP.

### ***Warrants***

As of July 8, 2022, there are 5,382,501 shares of our Class A common stock issuable upon the exercise of the Public Warrants, each with an exercise price of \$11.50 per share, and 3,821,667 shares of our Class A common stock issuable upon the exercise of the Private Placement Warrants, each with an exercise price of \$11.50 per share.

The Public Warrants will expire 5 years after the completion of the Business Combination, or earlier upon redemption or liquidation. The Private Placement Warrants are identical to the Public Warrants, except that the Private Placement Warrants and the shares of Class A common stock issuable upon exercise of the Private Placement Warrants were not transferable until after the completion of the Business Combination, subject to certain limited exceptions. Additionally, the Private Placement Warrants are non-redeemable so long as they are held by the initial holder or any of its permitted transferees. If the Private Placement Warrants are held by someone other than the initial holder or its permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the Public Warrants. The Private Placement Warrants may be exercised on a cashless basis so long as held by the Sponsor or certain permitted transferees.

The Company may redeem the outstanding Public Warrants in whole, but not in part, at a price of \$0.01 per Public Warrant upon a minimum of 30 days' prior written notice of redemption, if and only if the last sale price of the Company's common stock equals or exceeds \$18.00 per share for any 20-trading days within a 30-trading day period ending three business days before the Company sends the notice of redemption to the holders of the Public Warrants. If the Company calls the Public Warrants for redemption, management will have the option to require all holders that wish to exercise the Public Warrants to do so on a cashless basis. In no event will the Company be required to net cash settle the exercise of Public Warrants.

### ***Anti-takeover Effects of the Certificate of Incorporation and the Bylaws***

The Certificate of Incorporation and Bylaws contain provisions that could have the effect of delaying, deferring, or discouraging another party from acquiring control of us. These provisions and certain provisions of the DGCL, which are summarized below, could discourage takeovers, coercive or otherwise. These provisions are also designed, in part, to encourage persons seeking to acquire control of us to negotiate first with the Board of Directors. The Board of Directors believes that the benefits of increased protection of the potential ability to negotiate with an unfriendly or unsolicited acquirer outweigh the disadvantages of discouraging a proposal to acquire us.

### ***Issuance of Undesignated Preferred Stock***

As discussed above in the section titled "Preferred Stock," the Board of Directors has the ability to designate and issue preferred stock with voting or other rights or preferences that could deter hostile takeovers or delay changes in our control or management.

### ***Dual Class Stock***

As described above, the Certificate of Incorporation provides for a dual class common stock structure which provides Andrew Pascal with the ability to control the outcome of matters requiring stockholder approval, even though he owns significantly less than a majority of the shares of outstanding common stock, including the election of directors and significant corporate transactions, such as a merger or other sale of our company or our assets.

### ***Limits on Ability of Stockholders to Act by Written Consent or Call a Special Meeting***

The Certificate of Incorporation provides that stockholders may not act by written consent after the first date on which the number of outstanding shares of Class B common stock represents less than a majority of the total voting power of the then outstanding shares of capital stock that would then be entitled to vote in the election of directors at an annual meeting of the stockholders (such date, the "Voting Threshold Date"). Prior to the Voting Threshold Date, stockholders may act by written consent only if the action is first recommended or approved by the Board of Directors. This limit on the ability of

stockholders to act by written consent may lengthen the amount of time required to take stockholder actions. As a result, the holders of a majority of common stock would not be able to amend the Bylaws or remove directors without holding a meeting of stockholders called in accordance with the Bylaws.

In addition, the Certificate of Incorporation provides that special meetings of the stockholders may be called only by the chairman of the board, the chief executive officer, or the Board of Directors acting pursuant to a resolution adopted by a majority of the Board of Directors. A stockholder may not call a special meeting, which may delay the ability of stockholders to force consideration of a proposal or for holders controlling a majority of the capital stock to take any action, including the removal of directors.

#### ***Advance Requirements for Advance Notification of Stockholder Nominations and Proposals***

The Bylaws establish advance notice procedures with respect to stockholder proposals and the nomination of candidates for election as directors, other than nominations made by or at the direction of the Board of Directors or a committee thereof. These advance notice procedures may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed and may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect its own slate of directors or otherwise attempt to obtain control of the Company.

#### ***Election and Removal of Directors***

The Certificate of Incorporation and Bylaws contain provisions that establish specific procedures for appointing and removing members of the Board of Directors. Under the Certificate of Incorporation and Bylaws, vacancies and newly created directorships on the Board of Directors may be filled only by a majority of the directors then serving on the Board of Directors. Under the Certificate of Incorporation and Bylaws, directors may be removed from office, with or without cause, by the affirmative vote of the holders of a majority of the total voting power of all of our outstanding securities generally entitled to vote in the election of directors, voting together as a single class.

#### ***No Cumulative Voting***

The DGCL provides that stockholders are not entitled to the right to cumulate votes in the election of directors unless the Certificate of Incorporation provides otherwise. The Certificate of Incorporation and Bylaws do not expressly provide for cumulative voting. Without cumulative voting, a minority stockholder may not be able to gain as many seats on the Board of Directors as the stockholder would be able to gain if cumulative voting were permitted. The absence of cumulative voting makes it more difficult for a minority stockholder to gain a seat on the Board of Directors to influence the Board of Directors' decision regarding a takeover.

#### ***Amendment of Certificate of Incorporation Provisions***

Certain amendments to the Certificate of Incorporation will require the approval of two-thirds of the then outstanding voting power of our capital stock.

#### ***Delaware Anti-Takeover Statute***

We are subject to the provisions of Section 203 of the DGCL regulating corporate takeovers. In general, Section 203 prohibits a publicly held Delaware corporation from engaging, under certain circumstances, in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder unless:

- prior to the date of the transaction, the Board of Directors approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the voting stock outstanding, but not the outstanding voting stock owned by the interested stockholder, (1) shares owned by persons who are directors and also officers and (2) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or subsequent to the date of the transaction, the business combination is approved by the Board of Directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least two-thirds of the outstanding voting stock that is not owned by the interested stockholder.

Generally, a business combination includes a merger, asset, stock sale, or other transaction resulting in a financial benefit to the interested stockholder. An interested stockholder is a person who, together with affiliates and associates, owns or, within three years prior to the determination of interested stockholder status, did own 15% or more of a corporation's outstanding voting stock. The Board of Directors expects the existence of this provision to have an anti-takeover effect with respect to transactions the Board of Directors does not approve in advance. The Board of Directors also anticipates that

Section 203 may discourage attempts that might result in a premium over the market price for the shares of our Class A common stock held by our stockholders.

The provisions of the DGCL, the Certificate of Incorporation and Bylaws could have the effect of discouraging others from attempting hostile takeovers and as a consequence, they might also inhibit temporary fluctuations in the market price of our Class A common stock that often result from actual or rumored hostile takeover attempts. These provisions might also have the effect of preventing changes in our management. It is also possible that these provisions could make it more difficult to accomplish transactions that our stockholders might otherwise deem to be in their best interests.

#### **Exclusive Forum**

The Certificate of Incorporation provides that the sole and exclusive forum for (1) any derivative action or proceeding brought on our behalf, (2) any action asserting a claim of breach of a fiduciary duty owed by any of our directors, officers, or other employees to our company or our stockholders, (3) any action asserting a claim against us or any director or officer of our company arising pursuant to any provision of the DGCL, (4) any action to interpret, apply, enforce, or determine the validity of the Certificate of Incorporation or Bylaws, or (5) any other action asserting a claim that is governed by the internal affairs doctrine shall be a state or federal court located within the State of Delaware, in all cases subject to the court having jurisdiction over indispensable parties named as defendants. However, this exclusive forum provision would not apply to suits brought to enforce a duty or liability created by the Securities Act or Exchange Act or any claim for which the U.S. federal district courts have exclusive jurisdiction.

In addition, the Certificate of Incorporation provides that, unless we consent in writing to the selection of an alternative forum, the U.S. federal district courts will be the exclusive forum for resolving any complaint asserting a cause of action arising under the Securities Act, subject to and contingent upon a final adjudication in the State of Delaware of the enforceability of such exclusive forum provision.

Any person or entity purchasing or otherwise acquiring any interest in our capital stock shall be deemed to have notice of and consented to these provisions and will not be deemed to have waived our compliance with the federal securities laws and the regulations promulgated thereunder. Although the Board of Directors believes these provisions benefit our company by providing increased consistency in the application of Delaware law or federal law for the specified types of actions and proceedings, these provisions may have the effect of discouraging lawsuits against us or our directors and officers.

#### **Limitations on Liability and Indemnification of Officers and Directors**

The Certificate of Incorporation provides that we will indemnify our directors to the fullest extent authorized or permitted by applicable law. We have entered into agreements to indemnify our directors, executive officers, and other employees. Under the Bylaws, we are required to indemnify each of our directors and officers if the basis of the indemnitee's involvement was by reason of the fact that the indemnitee is or was a director or officer of our company or was serving at our request as a director, officer, employee, or agent for another entity. We must indemnify our officers and directors against all expenses, judgments, fines, and amounts paid in settlement actually and reasonably incurred by the indemnitee in connection with such action, suit, or proceeding if the indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in or not opposed to the best interests of our company, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the indemnitee's conduct was unlawful. The Certificate of Incorporation also requires us to advance expenses incurred by a director or officer in connection with such action, suit or proceeding to the maximum extent permitted under Delaware law. Any claims for indemnification by our directors and officers may reduce our available funds to satisfy successful third-party claims against us and may reduce the amount of money available to us.

#### **Corporate Opportunities**

The DGCL permits corporations to adopt provisions renouncing any interest or expectancy in certain opportunities that are presented to the corporation or its officers, directors, or stockholders. The Certificate of Incorporation, to the extent permitted by the DGCL, renounces any interest or expectancy that our company has in, or right to be offered an opportunity to participate in, specified business opportunities that are from time to time presented to a member of the Board of Directors who is not an employee, or any partner, member, director, stockholder, employee, or agent of such member. Notwithstanding the foregoing, the Certificate of Incorporation does not renounce any interest in a business opportunity that is expressly offered to a director solely in his or her capacity as a director of our company.

#### **Transfer Agent**

The transfer agent for our Class A common stock and our Class B common stock is Continental Stock Transfer & Trust Company.

## MATERIAL FEDERAL INCOME TAX CONSEQUENCES

The following is a discussion of certain material U.S. federal income tax consequences of the ownership and disposition of our Class A common stock and Private Placement Warrants, which we refer to collectively as our securities. This discussion applies only to securities that are held as capital assets for U.S. federal income tax purposes and is applicable only to persons who are acquiring our securities in this offering.

This discussion is a summary only and does not describe all of the tax consequences that may be relevant to you in light of your particular circumstances, including but not limited to the alternative minimum tax, the Medicare tax on certain investment income, and the different consequences that may apply if you are subject to special rules that apply to certain types of investors, including but not limited to:

- our sponsor, founders, officers or directors;
- financial institutions or financial services entities;
- broker-dealers;
- governments or agencies or instrumentalities thereof;
- regulated investment companies;
- S corporations;
- real estate investment trusts;
- expatriates or former long-term residents of the U.S.;
- persons that actually or constructively own five percent (5%) or more (by vote or value) of our common stock;
- insurance companies;
- dealers or traders subject to a mark-to-market method of tax accounting with respect to the securities;
- accrual-method taxpayers who are required under Section 451(b) of the Internal Revenue Code of 1986, as amended (the "Code"), to recognize income for U.S. federal income tax purposes no later than when such income is taken into account in applicable financial statements;
- persons holding the securities as part of a "straddle," hedge, integrated transaction or similar transaction;
- U.S. holders (as defined below) whose functional currency is not the U.S. dollar;
- partnerships or other pass-through entities for U.S. federal income tax purposes and any beneficial owners of such entities;
- persons who acquire our securities as compensation; and
- tax-exempt entities.

If a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) or other pass-through entity holds our securities, the U.S. federal income tax treatment of a partner in such partnership or equityholder in such pass-through entity generally will depend upon the status of the partner or equityholder, upon the activities of the partnership or other pass-through entity and upon certain determinations made at the partner or equityholder level. Accordingly, we urge partners in partnerships (including entities or arrangements treated as partnerships for U.S. federal income tax purposes) and equityholders in other pass-through entities considering the acquisition of our securities to consult their tax advisors regarding the U.S. federal income tax considerations of the ownership and disposition of our securities by such partnership or pass-through entity.

This discussion is based on the Code, and administrative pronouncements, judicial decisions, and final, temporary, and proposed Treasury regulations as of the date of this prospectus, which are subject to change, possibly on a retroactive basis, and changes to any of which subsequent to the date of this prospectus may affect the tax consequences described herein. This discussion does not address any aspect of state, local or non-U.S. taxation, or any U.S. federal taxes other than income taxes (such as gift and estate taxes). We have not sought, and will not seek, a ruling from the Internal Revenue Service (the "IRS") as to any U.S. federal income tax consequence described herein. The IRS may disagree with the discussion herein, and its determination may be upheld by a court. Moreover, there can be no assurance that future legislation, regulations, administrative rulings, or court decisions will not adversely affect the accuracy of the statements in this discussion.

THIS DISCUSSION OF U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION PURPOSES ONLY AND IS NOT TAX ADVICE. WE URGE PROSPECTIVE HOLDERS TO CONSULT THEIR TAX ADVISORS CONCERNING THE U.S. FEDERAL INCOME TAX CONSEQUENCES TO THEM OF OWNING AND

DISPOSING OF OUR SECURITIES, AS WELL AS THE APPLICATION OF ANY, STATE, LOCAL AND NON-U.S. INCOME, ESTATE AND OTHER TAX CONSIDERATIONS.

**U.S. Holders**

This section applies to you if you are a “U.S. holder.” As used herein, the term “U.S. holder” means a beneficial owner of our Class A common stock or Private Placement Warrants who or that is for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the U.S.;
- a corporation (or other entity taxable as a corporation) organized in or under the laws of the U.S., any state thereof or the District of Columbia; or
- an estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

***Taxation of Distributions***

If we pay distributions in cash or other property (other than certain distributions of our stock or rights to acquire our stock) to U.S. holders of shares of our Class A common stock, such distributions generally will constitute dividends for U.S. federal income tax purposes to the extent paid from our current or accumulated earnings and profits, as determined under U.S. federal income tax principles. Distributions in excess of current and accumulated earnings and profits will constitute a return of capital that will be applied against and reduce (but not below zero) the U.S. holder’s adjusted tax basis in our Class A common stock. Any remaining excess will be treated as gain realized on the sale or other disposition of our Class A common stock and will be treated as described below under “*U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Private Placement Warrants.*” Dividends we pay to a U.S. holder that is a taxable corporation generally will qualify for the dividends received deduction if the requirements relating to the requisite holding period are satisfied. With certain exceptions, and provided certain holding period requirements are met, dividends we pay to a non-corporate U.S. holder generally will constitute “qualified dividends” that currently are subject to tax at preferential long-term capital gains rates.

***Possible Constructive Distributions***

The terms of each Private Placement Warrant provide for an adjustment to the number of shares of our Class A common stock for which the Private Placement Warrant may be exercised or to the exercise price of the Private Placement Warrant on the occurrence of certain events. An adjustment which has the effect of preventing dilution generally is not a taxable event. U.S. holders of the Private Placement Warrants would, however, be treated as receiving a constructive distribution from us if, for example, the adjustment to the number of such shares or to such exercise price increases the warrant holders’ proportionate interest in

our assets or earnings and profits (e.g., through an increase in the number of shares of our Class A common stock that would be obtained upon exercise or through a decrease in the exercise price of the Private Placement Warrants), including as a result of a distribution of cash or other property to the holders of shares of our Class A common stock which is taxable to such holders of such shares as a distribution. Any constructive distribution received by a U.S. holder would be subject to tax in the same manner as if such U.S. holders of the Private Placement Warrants received a cash distribution from us equal to the fair market value of such increased interest resulting from the adjustment. Generally, a U.S. holder’s adjusted tax basis in its Private Placement Warrants would be increased to the extent any such constructive distribution is treated as a dividend.

***Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Private Placement Warrants***

Upon a sale or other taxable disposition of our Class A common stock or Private Placement Warrants (which, in general, would include a redemption of our Private Placement Warrants that is treated as a taxable exchange of such Private Placement Warrants as described below under “*Exercise, Lapse or Redemption of a Private Placement Warrant*”), a U.S. holder generally will recognize capital gain or loss in an amount equal to the difference between the amount realized and the U.S. holder’s adjusted tax basis in our Class A common stock or Private Placement Warrants. Any such capital gain or loss generally will be long-term capital gain or loss if the U.S. holder’s holding period for our Class A common stock or Private Placement Warrants so disposed of exceeds one year. Long-term capital gains recognized by non-corporate U.S. holders currently are eligible to be taxed at reduced rates. The deductibility of capital losses is subject to limitations.

Generally, the amount of gain or loss recognized by a U.S. holder is an amount equal to the difference between (i) the sum of the amount of cash and the fair market value of any property received in such disposition and (ii) the U.S. holder’s adjusted tax basis in our Class A common stock or Private Placement Warrants transferred in such disposition.

### ***Exercise, Lapse or Redemption of a Private Placement Warrant***

Except as discussed below with respect to the cashless exercise of a Private Placement Warrant, a U.S. holder generally will not recognize taxable gain or loss as a result of the acquisition of our Class A common stock upon exercise of a Private Placement Warrant for cash. The U.S. holder's tax basis in the shares of our Class A common stock received upon exercise of the Private Placement Warrants generally will be an amount equal to the sum of the U.S. holder's initial investment in the Private Placement Warrants and the exercise price of such Private Placement Warrants. For U.S. federal income tax purposes, it is unclear whether the U.S. holder's holding period for our Class A common stock received upon exercise of the Private Placement Warrants will begin on the date following the date of exercise or on the date of exercise of the Private Placement Warrants; in either case, the holding period will not include the period during which the U.S. holder held the Private Placement Warrants. If a Private Placement Warrant is allowed to lapse unexercised, a U.S. holder generally will recognize a capital loss equal to such U.S. holder's tax basis in the Private Placement Warrant.

The tax consequences of a cashless exercise of a Private Placement Warrant are not clear under current tax law. A cashless exercise may be tax-free, either because the exercise is not a realization event or because the exercise is treated as a recapitalization for U.S. federal income tax purposes. In either tax-free situation, a U.S. holder's tax basis in the shares of our Class A common stock received would equal the holder's basis in the Private Placement Warrants exercised therefor. If the cashless exercise were treated as not being a realization event, it is unclear whether a U.S. holder's holding period in our Class A common stock would be treated as commencing on the date following the date of exercise or on the date of exercise of the Private Placement Warrant. If the cashless exercise were treated as a recapitalization, the holding period of our Class A common stock would include the holding period of the Private Placement Warrants exercised therefor.

It is also possible that a cashless exercise could be treated in part as a taxable exchange in which gain or loss would be recognized. In such event, a portion of the Private Placement Warrants to be exercised on a cashless basis could, for U.S. federal income tax purposes, be deemed to have been surrendered in consideration for the exercise price of the remaining Private Placement Warrants, which would be deemed to be exercised. For this purpose, a U.S. holder would be deemed to have surrendered a number of Private Placement Warrants having an aggregate value equal to the exercise price for the number of Private Placement Warrants deemed exercised. The U.S. holder would recognize capital gain or loss in an amount equal to the difference between the exercise price of the Private Placement Warrants deemed exercised and the U.S. holder's tax basis in the Private Placement Warrants deemed surrendered. Such gain or loss would be long-term or short-term depending on the U.S. holder's holding period in the Private Placement Warrants deemed surrendered. In this case, a U.S. holder's tax basis in the shares of our Class A common stock received would equal the sum of the U.S. holder's initial investment in the Private Placement Warrants deemed exercised and the exercise price of such Private Placement Warrants. It is unclear whether a U.S. holder's holding period for our Class A common stock would commence on the date following the date of exercise or on the date of exercise of the warrant; in either case, the holding period would not include the period during which the U.S. holder held the Private Placement Warrant.

Due to the absence of authority on the U.S. federal income tax treatment of a cashless exercise, including when a U.S. holder's holding period would commence with respect to the shares of our Class A common stock received, there can be no assurance as to which, if any, of the alternative tax consequences and holding periods described above would be adopted by the IRS or a court of law. Accordingly, U.S. holders should consult their tax advisors regarding the tax consequences of a cashless exercise.

If we redeem Private Placement Warrants for cash or if we purchase Private Placement Warrants in an open market transaction, such redemption or purchase generally will be treated as a taxable disposition to the U.S. holder, taxed as described above under "*U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Private Placement Warrants.*"

If we give notice of an intention to redeem Private Placement Warrants and a U.S. holder exercises its Private Placement Warrants on a cashless basis and receives an amount of our Class A common stock in respect thereof, we intend to treat such exercise as a redemption of Private Placement Warrants for our Class A common stock for U.S. federal income tax purposes. Such redemption should be treated as a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code. Accordingly, a U.S. holder should not recognize any gain or loss on the redemption of Private Placement Warrants for our shares of Class A common stock. A U.S. holder's aggregate tax basis in the shares of our Class A common stock received in the redemption generally should equal the U.S. holder's aggregate tax basis in the Private Placement Warrants redeemed and the holding period for the shares of our Class A common stock received should include the U.S. holder's holding period for the surrendered Private Placement Warrants. However, there is some uncertainty regarding this tax treatment and it is possible such a redemption could be treated differently, including as, in part, a taxable exchange in which gain or loss would be recognized in a manner similar to that discussed above for a cashless exercise of Private Placement Warrants. Accordingly, a U.S. holder is urged to consult its tax advisor regarding the tax consequences of a redemption of Private Placement Warrants for shares of our Class A common stock.

### ***Information Reporting and Backup Withholding***

In general, information reporting requirements may apply to dividends paid to a U.S. holder and to the proceeds of the sale or other disposition of our Class A common stock and Private Placement Warrants, unless the U.S. holder is an exempt recipient. Backup withholding may apply to such payments if the U.S. holder fails to provide a taxpayer identification number or a certification of exempt status or has been notified by the IRS that it is subject to backup withholding (and such notification has not been withdrawn).

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a U.S. holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

All U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding to them.

### **Non-U.S. Holders**

This section applies to you if you are a "Non-U.S. holder." As used herein, the term "Non-U.S. holder" means a beneficial owner of our Class A common stock or Private Placement Warrants who or that is for U.S. federal income tax purposes:

- a non-resident alien individual (other than certain former citizens and residents of the U.S. subject to U.S. tax as expatriates);
- a foreign corporation; or
- an estate or trust that is not a U.S. holder;

but generally does not include an individual who is present in the U.S. for 183 days or more in the taxable year of disposition. If you are such an individual, you should consult your tax advisor regarding the U.S. federal income tax consequences of the acquisition, ownership, sale, or other disposition of our securities.

### ***Taxation of Distributions***

In general, any distributions (other than certain distributions of our stock or rights to acquire our stock) made to a Non-U.S. holder of shares of our Class A common stock, to the extent paid out of our current or accumulated earnings and profits (as determined under U.S. federal income tax principles), will constitute dividends for U.S. federal income tax purposes and, provided such dividends are not effectively connected with the Non-U.S. holder's conduct of a trade or business within the U.S., we will be required to withhold tax from the gross amount of the dividend at a rate of 30%, unless such Non-U.S. holder is eligible for a reduced rate of withholding tax under an applicable income tax treaty and provides proper certification of its eligibility for such reduced rate (usually on an IRS Form W-8BEN or W-8BEN-E). In the case of any constructive dividend to a Non-U.S. holder of Private Placement Warrants (as described above in "*U.S. Holders — Possible Constructive Dividends*"), it is possible that this tax would be withheld from any amount owed to the Non-U.S. holder by the applicable withholding agent, including cash distributions on other property or sale proceeds from Private Placement Warrants or other property subsequently paid or credited to such Non-U.S. holder. Any distribution not constituting a dividend will be treated first as reducing (but not below zero) the Non-U.S. holder's adjusted tax basis in its shares of our Class A common stock and, to the extent such distribution exceeds the Non-U.S. holder's adjusted tax basis, as gain realized from the sale or other disposition of our Class A common stock, which will be treated as described below under "*Non-U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Private Placement Warrants*" below.

The withholding tax generally does not apply to dividends paid to a Non-U.S. holder who provides a Form W-8ECI, certifying that the dividends are effectively connected with the Non-U.S. holder's conduct of a trade or business within the U.S. Instead, the effectively connected dividends will be subject to regular U.S. federal income tax as if the Non-U.S. holder were a U.S. resident, subject to an applicable income tax treaty providing otherwise. A corporate Non-U.S. holder receiving effectively connected dividends may also be subject to an additional "branch profits tax" imposed at a rate of 30% (or a lower applicable treaty rate).

### ***Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Our Class A Common Stock and Private Placement Warrants***

A Non-U.S. holder generally will not be subject to U.S. federal income or withholding tax in respect of gain recognized on a sale, taxable exchange or other taxable disposition of our Class A common stock or our Private Placement Warrants (including the expiration or redemption of our Private Placement Warrants), unless:

- the gain is effectively connected with the conduct by the Non-U.S. holder of a trade or business within the U.S. (and, under certain income tax treaties, is attributable to a U.S. permanent establishment or fixed base maintained by the Non-U.S. holder);
- such Non-U.S. holder is an individual who was present in the U.S. for 183 days or more in the taxable year of such disposition and certain other requirements are met; or
- we are or have been a “United States real property holding corporation” for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition or the period that the Non-U.S. holder held our Class A common stock or Private Placement Warrants and, in the case where shares of our Class A common stock are regularly traded on an established securities market, the Non-U.S. holder has owned, directly or constructively, more than five percent (5%) of our Class A common stock at any time within the shorter of the five-year period preceding the disposition or such Non-U.S. holder’s holding period for the shares of our Class A common stock or Private Placement Warrants. There can be no assurance that our Class A common stock is or has been treated as regularly traded on an established securities market for this purpose.

Unless an applicable treaty provides otherwise, gain described in the first bullet point above will be subject to tax at generally applicable U.S. federal income tax rates as if the Non-U.S. holder were a U.S. resident. Any gains described in the first bullet point above of a corporate Non-U.S. holder may also be subject to an additional “branch profits tax” at a thirty percent (30%) rate (or a lower applicable income tax treaty rate). If the second bullet point applies to a Non-U.S. holder, such Non-U.S. holder will be subject to U.S. tax on such Non-U.S. holder’s net capital gain for such year (which will include any gain realized in connection with the redemption and may be reduced by certain U.S. source capital losses) at a tax rate of thirty percent (30%).

If the third bullet point above applies to a Non-U.S. holder, gain recognized by such holder will be subject to tax at generally applicable U.S. federal income tax rates. In addition, a buyer may be required to withhold U.S. federal income tax at a rate of fifteen percent (15%) of the amount realized upon such disposition. We believe that we are not, and do not anticipate becoming, a United States real property holding corporation. However, such determination is factual in nature and subject to change and no assurance can be provided as to whether we would be treated as a United States real property holding corporation in any future year.

#### ***Exercise, Lapse or Redemption of a Private Placement Warrant***

The U.S. federal income tax treatment of a Non-U.S. holder’s exercise of a Private Placement Warrant, or the lapse of a Private Placement Warrant held by a Non-U.S. holder, or the redemption of a Private Placement Warrant held by a Non-U.S. holder generally will correspond to the U.S. federal income tax treatment of the exercise, lapse or redemption of a Private Placement Warrant by a U.S. holder, as described above under “*U.S. Holders — Exercise, Lapse or Redemption of a Private Placement Warrant*” above, although to the extent a cashless exercise or redemption of a Private Placement Warrant results in a taxable exchange, the consequences would be similar to those described above under “*Non-U.S. Holders — Gain or Loss on Sale, Taxable Exchange or Other Taxable Disposition of Class A Common Stock and Private Placement Warrants*”

#### ***Information Reporting and Backup Withholding***

Information returns will be filed with the IRS in connection with payments of dividends and the proceeds from a sale or other disposition of our Class A common stock and Private Placement Warrants. A Non-U.S. holder may have to comply with certification procedures to establish that it is not a U.S. person in order to avoid information reporting and backup withholding requirements. The certification procedures required to claim a reduced rate of withholding under a treaty generally will satisfy the certification requirements necessary to avoid the backup withholding as well.

Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a Non-U.S. holder will be allowed as a credit against such holder’s U.S. federal income tax liability and may entitle such holder to a refund, provided that the required information is timely furnished to the IRS.

All Non-U.S. holders should consult their tax advisors regarding the application of information reporting and backup withholding to them.

#### **FATCA Withholding Taxes**

Sections 1471 through 1474 of the Code and the Treasury regulations and administrative guidance promulgated thereunder (commonly referred to as the “Foreign Account Tax Compliance Act” or “FATCA”) generally impose withholding at a rate of thirty percent (30%) in certain circumstances on dividends in respect of our securities which are held by or through certain foreign financial institutions (including investment funds), unless any such institution (1) enters into, and complies with, an agreement with the IRS to report, on an annual basis, information with respect to interests in, and accounts maintained by, the institution that are owned by certain U.S. persons and by certain non-U.S. entities that are wholly or

partially owned by U.S. persons and to withhold on certain payments, or (2) if required under an intergovernmental agreement between the U.S. and an applicable foreign country, reports such information to its local tax authority, which will exchange such information with the U.S. authorities. An intergovernmental agreement between the U.S. and an applicable foreign country may modify these requirements. Accordingly, the entity through which our securities are held will affect the determination of whether such withholding is required. Similarly, dividends in respect of our securities held by an investor that is a non-financial non-U.S. entity that does not qualify under certain exceptions will generally be subject to withholding at a rate of thirty percent (30%), unless such entity either (1) certifies to us or the applicable withholding agent that such entity does not have any “substantial United States owners” or (2) provides certain information regarding the entity’s “substantial United States owners,” which will in turn be provided to the U.S. Department of Treasury. All prospective investors should consult their tax advisors regarding the possible implications of FATCA on their investment in our securities.

## PLAN OF DISTRIBUTION

We are registering the issuance by us of up to 9,204,168 shares of Class A common stock that are issuable upon the exercise of the Warrants by the holders thereof. We are also registering the resale by the Selling Securityholders or their permitted transferees from time to time of (i) up to 95,237,463 shares of Class A common stock, including up to 10,693,624 shares that are issuable as Earnout Shares and 3,636,755 Option Shares, and (ii) 3,821,667 Private Placement Warrants.

We are required to pay all fees and expenses incident to the registration of the shares of our common stock to be offered and sold pursuant to this prospectus. The Selling Securityholders will bear all commissions and discounts, if any, attributable to their sale of shares of our common stock.

We will not receive any of the proceeds from the sale of the securities by the Selling Securityholders.

We will receive proceeds from Warrants exercised in the event that such Warrants are exercised for cash. The aggregate proceeds to the Selling Securityholders will be the purchase price of the securities less any discounts and commissions borne by the Selling Securityholders. The shares of common stock beneficially owned by the Selling Securityholders covered by this prospectus may be offered and sold from time to time by the Selling Securityholders. The term "Selling Securityholders" includes donees, pledgees, transferees, or other successors in interest selling securities received after the date of this prospectus from a Selling Securityholder as a gift, pledge, partnership distribution, or other transfer. The Selling Securityholders will act independently of us in making decisions with respect to the timing, manner, and size of each sale. Such sales may be made on one or more exchanges or in the over-the-counter market or otherwise, at prices and under terms then prevailing or at prices related to the then current market price or in negotiated transactions. The Selling Securityholders may sell their shares of common stock by one or more of, or a combination of, the following methods:

- purchases by a broker-dealer as principal and resale by such broker-dealer for its own account pursuant to this prospectus;
- ordinary brokerage transactions and transactions in which the broker solicits purchasers;
- in underwriter transactions;
- block trades in which the broker-dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction or any other national securities exchange on which our securities are listed or traded;
- an over-the-counter distribution in accordance with the rules of the Nasdaq;
- through trading plans entered into by a Selling Securityholder pursuant to Rule 10b5-1 under the Exchange Act, that are in place at the time of an offering pursuant to this prospectus and any applicable prospectus supplement hereto that provide for periodic sales of their securities on the basis of parameters described in such trading plans;
- to or through underwriters or broker-dealers;
- in "at the market" offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on a national securities exchange or sales made through a market maker other than on an exchange or other similar offerings through sales agents;
- in privately negotiated transactions;
- through the writing of options (including put or call options), whether the options are listed on an options exchange or otherwise;
- through the distribution of the securities by any Selling Securityholder to its partners, members, or stockholders;
- in short sales entered into after the effective date of the registration statement of which this prospectus is a part;
- by pledge to secured debts and other obligations;
- through a combination of any of the above methods of sale; or
- any other method permitted pursuant to applicable law.

In addition, any shares that qualify for sale pursuant to Rule 144 may be sold under Rule 144 rather than pursuant to this prospectus.

To the extent required, this prospectus may be amended or supplemented from time to time to describe a specific plan of distribution. In connection with distributions of the shares or otherwise, the Selling Securityholders may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other

financial institutions may engage in short sales of shares of common stock in the course of hedging the positions they assume with Selling Securityholders.

The Selling Securityholders may also sell shares of common stock short and redeliver the shares to close out such short positions. The Selling Securityholders may also enter into option or other transactions with broker-dealers or other financial institutions which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction). The Selling Securityholders may also pledge shares to a broker-dealer or other financial institution, and, upon a default, such broker-dealer or other financial institution, may effect sales of the pledged shares pursuant to this prospectus (as supplemented or amended to reflect such transaction).

A Selling Securityholder may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If an applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by any Selling Securityholder or borrowed from any Selling Securityholder or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from any Selling Securityholder in settlement of those derivatives to close out any related open borrowings of stock. If applicable through securities laws, the third party in such sale transactions will be an underwriter and will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, any Selling Securityholder may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

In effecting sales, broker-dealers or agents engaged by the Selling Securityholders may arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts, or concessions from the Selling Securityholders in amounts to be negotiated immediately prior to the sale.

In offering the securities covered by this prospectus, the Selling Securityholders and any broker-dealers who execute sales for the Selling Securityholders may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. Any profits realized by the Selling Securityholders and the compensation of any broker-dealer may be deemed to be underwriting discounts and commissions.

In order to comply with the securities laws of certain states, if applicable, the securities must be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

We have advised the Selling Securityholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of securities in the market and to the activities of the Selling Securityholders and their affiliates. In addition, we will make copies of this prospectus available to the Selling Securityholders for the purpose of satisfying the prospectus delivery requirements of the Securities Act. The Selling Securityholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act.

At the time a particular offer of securities is made, if required, a prospectus supplement will be distributed that will set forth the number of securities being offered and the terms of the offering, including the name of any underwriter, dealer, or agent, the purchase price paid by any underwriter, any discount, commission, and other item constituting compensation, any discount, commission, or concession allowed or reallocated or paid to any dealer, and the proposed selling price to the public.

A holder of Warrants may exercise its Warrants in accordance with the Warrant Agreement on or before the expiration date set forth therein by surrendering, at the office of the Warrant Agent, Continental Stock Transfer & Trust Company, the certificate evidencing such Warrant, with the form of election to purchase set forth thereon, properly completed and duly executed, accompanied by full payment of the exercise price and any and all applicable taxes due in connection with the exercise of the Warrant, subject to any applicable provisions relating to cashless exercises in accordance with the Warrant Agreement.

**ITEM 15. Indemnification of Directors and Officers.**

Section 145 of the DGCL provides that a corporation may indemnify directors and officers as well as other employees and individuals against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the registrant. The DGCL provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise. Article 8 of our Certificate of Incorporation provides for indemnification by the registrant of its directors, officers and employees to the fullest extent permitted by the DGCL. We have entered into indemnification agreements with each of our current directors and executive officers to provide our directors and executive officers additional contractual assurances regarding the scope of the indemnification set forth in our amended and restated certificate of incorporation and amended and restated bylaws and to provide additional procedural protections. There is no pending litigation or proceeding involving any of our directors or executive officers for which indemnification is sought.

Section 102(b)(7) of the DGCL permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for unlawful payments of dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transaction from which the director derived an improper personal benefit. Our Certificate of Incorporation provides for such limitation of liability.

We have purchased and intend to maintain insurance on behalf of any person who is or was a director or officer against any loss arising from any claim asserted against him or her and incurred by him or her in any such capacity, subject to certain exclusions.

**ITEM 17. Undertakings.**

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
- (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission (the "Commission") pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and
- (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*provided, however,* that: Paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act to any purchaser:
- (i) if the registrant is relying on Rule 430B
    - (A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
    - (B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or
  - (ii) If the registrant is subject to Rule 430C (§ 230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§ 230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
  - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
  - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
  - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the

securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(c) The undersigned registrant hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b) (1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
